How did we get here?

- **1991 - Mil to Mil visits in Lithuania, Latvia, Poland, Romania, Bulgaria, Russia, & many others**
- **1992 – 1st PfP *Engineer* Conference identified environmental management issues as a critical problem for military engineers**
- **1993 – 1st PfP Environmental Conference - Environmental Conceptual Models**
- **1994 – 2nd PfP Environmental Conference - Environmental Clean-up Technologies and Their Applications**
- **1995 – 3rd PfP Environmental Conference - Development of Action and Management Plans**
- **1996 – 4th PfP Environmental Conference - Leveraging Sources of Financial Assistance and Management Systems / Partnering**
- **1997 – 5th PfP Environmental Conference - Case Studies of Successful Remediation and Re-Use**

The Path to Today

- **1998 – 6th PfP Environmental Conference - <u>Military Environmental Issues</u>**
  - **Developed generic *Military Environmental Operations Plans***
  - **Development of environmental training plans for training sites *(e.g.,"You Spill, You Dig!")***
  - **Incorporation of military exercise incidents focused on environmental issues**
  - **Hungarian environmental training center**

- **1999 – 7th PfP Environmental Conference - <u>Training Areas and Ranges; First environmental scenarios proposed for a military training exercise</u>**

- **2000 – 8th PfP Environmental Conference - <u>2000 Joint Cooperative Lantern Exercise demonstrates utility of environmental training incidents</u>**

The Path to Today

- **2001 – 9th PfP Environmental Conference - *Polish Military Environmental Policies, Practices, and Guidance Manual*, and a *Lithuanian Oil Spill Contingency Plan***
- **2002 – 10th PfP Environmental Conference - *NATO and European Union Environmental Policies, Doctrine, and Regulations: Implications for Military Planning, Operations, Training, and Exercises"***
- **20** ***Reg*** ***ssues***

Tallinn, Estonia 2003

This Year's Format

- **Continuation of our successful conference partnering and information exchange format**
- **Three work groups this year (Black and Caspian Sea, Mediterranean/Adriatic Sea, and Baltic Regions)**
- **Daily work group tasks:**
  - **"Brainstorm" environmental problems that cross military, civilian, and/or political boundaries**
  - **Identify cooperative resources available to solve these problems**
  - **Identify needs/resources to solve these problems**
  - **Develop cooperative project concepts**
  - **Establish a communication network**
- **Develop and present work group presentations/future conference guidance**

NATO pfp
